

February 2017 Resident Spotlight

Esperanza “Espí” Velasquez

Esperanza is a first year student, who instantly got plugged into the Kinsolving Residence Hall Council and has been an active member ever since. Espi has repeatedly demonstrated her passion for residence life through helping with events, creating an amazing display for the Kinsolving Halloween Carnival and being an outstanding employee at Kin’s Market. Espi is always so willing to help out, and she doesn’t care about the recognition. She recently unanimously made cupcakes for her entire floor and left them in the lounge for her neighbors to enjoy. Espi is constantly socializing with her neighbors, making study groups with other residents, and trying to get her wing to interact and create a more open environment.

This highlight is an excerpt from the winning First Year Student Of the Month nomination submitted to the Floyd Hoelting chapter of the National Residence Hall Honorary for the month of February.

Congrats, Espi!
