Child Supervision Reminders

Parents and guardians are responsible for proper supervision of their children. Children should not roam freely without adult supervision outdoors, in community rooms, laundry facilities, or the community gardens. Always remember to keep an eye on children and do not let them play or walk freely in the street.

If children are found without proper supervision, contact the University Apartments staff immediately at 512-232-5299. If the office is closed, contact the Community Advisor (CA) on call at 512-496-2803.

Subleasing/Assigning/Selling of Spaces & Solicitation For Guests

As we approach summer, the University Apartments wants to remind all residents that subleasing, selling or assigning or soliciting for a guest in your unit is prohibited.

Per the Terms and Conditions of the contract:

“You agree that your assigned unit will be used only as your personal living space. You agree not to sell, sublease or assign this contract.”

"'Guest' - means an individual who has been personally invited by a Contract Holder to enter into the Contract Holder’s apartment; remaining there for a period of time at the Contract Holder’s discretion... General solicitation of members of the public through an advertisement, posting or any other format in any medium is not considered a "personal invitation" under this procedure."

Those found to be subleasing, assigning or selling their unit will be referred to the Academic Integrity and Student Conduct office of the Dean of Students office and can lose guest privileges, future contracts and/or have the current contract terminated.

The purpose of these policies is to keep residents and their registered guests safe. Putting our community at risk will not be tolerated. We appreciate your cooperation in this matter. If you believe that someone in the community is subleasing or selling their space, please contact University Apartments staff.

Thank you for your assistance,
The University Apartments Team

Traffic Enforcement in The Complexes

The UT Police Department (UTPD) is focusing on implementing additional traffic enforcement in the complexes during the next several weeks while patrolling our areas. This includes monitoring for vehicle/bicycle moving violations and issuing tickets to violators who are not abiding by road signs.

These specific efforts are in response to residents sharing their concerns about vehicles speeding in the complex or driving the wrong way on one way streets near the Apartments office (Jasper & Lufkin). Resident safety is our priority, and we want to remind all residents and guests to abide by road signs, including:

- Speed limit signs (15 MPH);
- One-way street signs;
- Stop signs; and
- Do not enter signs
Hi everyone! My name is Anastazja (Ana, for short) and I joined the University Apartments staff as a Community Advisor in the Brackenridge complex last year. Growing up in a military family, I lived in Japan, New Mexico, and North Carolina, and have always valued learning about cultures outside of my own. Though I traveled a lot growing up, Austin is the first city that I call home. After being here for two years I can say that it’s one of my favorite places!

Before coming to UT Austin, I attended the University of North Carolina at Chapel Hill where I earned my undergraduate degree in Psychology with a second major in Communication Studies. While there, I was very involved on campus where I worked as a Resident Advisor, Career Peer Advisor, Admissions Ambassador, and First Year Student Mentor. At UNC, I became a Ronald E. McNair Scholar, which is the program that helped me realize my love for research. My experience with being a part of several organizations--from living on different military bases as a child to working in different student organizations and work environments as an adult--led me to my interest in organizational communication. That interest led me to UT Austin where I am now studying Organizational Communication and Technology. Outside of academics, I like to spend my time relaxing by reading, singing, and cooking. More specifically, I like to read nonfiction books relating to psychology or leadership. I also enjoy watching television and movies. I watch too many shows to list them all but some of my favorites are Grey’s Anatomy, The Blacklist, and anything relating to comic book superheroes. Other than hobbies and work that involve me staring at a screen for too long, my absolute favorite thing to do is to sit down and have quality conversations with people. I think that communicating with others and sharing stories is the best way to learn about ourselves, others, and the world, so I am always happy to just talk about life with friends.

I enjoy my job as a Community Advisor and the positive impact I get to have on the community here at University Apartments. I love working with our residents and enjoy planning both social and academic success programs for the community to enjoy!
The Tenant Advisory Board (TAB) is composed of student representatives living at University Apartments. TAB members represent student residents and registered guests by:

- Managing the Community Gardens;
- Making recommendations on policy to University Apartments;
- Engaging in advocacy in the community on issues related to residents’ concerns; and
- Improving the quality of community life by organizing events for residents.
