Did you know... that you can have your Amazon orders sent to UT campus at the Gregory Gym lockers?

Visit https://utexas.amazon.com/ to find out more information!

1. Do I Need To Have Prime Or Prime Student In Order To Ship To Amazon@UTexas?
- No, anyone can ship their Amazon orders to Amazon@UTexas. Visit utexas.amazon.com and click the “Activate” button to enable shipping to this location.

2. How Do I Ship To Amazon@UTexas?
Visit utexas.amazon.com and click the ‘Activate’ button to enable shipping to our location. Click ‘add to shipping addresses’ to add Amazon@UTexas to your address book and select it at checkout.

3. Does Shipping To Amazon@UTexas Cost The Same As Shipping To My Home Address?
Yes, but Prime and Prime Student members can receive Free Same-Day Pickup on millions of items when they place their orders before noon (12pm) and ship to our location.

4. Why Would I Ship To Amazon@UTexas Rather Than My Apartment?
We offer a safe and secure location where you can pick up your package on your time—no more attempted deliveries or missing packages. Our convenient hours are 9am - 9pm on weekdays and 12pm - 9pm on weekends, and we hold packages for up to 15 days. Shipping to Amazon@UTexas can also prevent delivery delays as packages go straight from our distribution centers. We offer Free Same-Day pickup for millions of items sold on Amazon.com. If you need assistance, we have friendly customer service associates in our location to help you.

5. Is There A Size Limit To What I Can Ship To Amazon@UTexas?
Yes. Oversized items or items that require a scheduled delivery cannot be shipped to our location, but we’ll let you know before you select your shipping address.
Subleasing Prohibited

As we approach the winter, the University Apartments would like to remind all residents that subleasing your unit is prohibited. Per the Terms and Conditions of the contract, “You agree that your assigned unit will be used only as your personal living space. You agree not to sell, sublease or assign this contract.”

Those found to be in violation will be referred to the Academic Integrity and Student Conduct office and can lose guest privileges, future contracts and/or have the current contract terminated. The purpose of this policy is to keep residents and their registered guest(s) safe. Putting our community at risk will not be tolerated. We appreciate your cooperation in this matter. If you believe that someone in the community is subleasing, please contact University Apartments staff so that we can follow up. Thank you for your assistance!

Noisy Neighbor?

What can you do when you have a noisy neighbor? Sometimes this question lingers because we want to have good relationships with our neighbors. We understand that they have hectic lives, including families, musical instruments, favorite TV shows, and dinner parties with friends. So what are your options when your neighbor is violating Quiet Hours (10PM-8AM)? Read more to find out what options you have:

1. Knock on your neighbor’s door and talk to them. Politely ask them to lower the music/be quieter. Explain your circumstances (you’re studying, tired, etc.) and let them know that you’d appreciate their help! Most times, people don’t realize that they’re bothering anyone and appreciate the tip!

2. Or, you can talk to your neighbor the next day, when you’re not upset and had some time to collect your thoughts. It depends on what you are comfortable with.

3. The other option is to call staff. During business hours, call the office at 512-232-5299. After hours, call the Community Advisor on call at (512)496-2803. The CA on call will visit the apartment within 15 minutes of your call to speak to the resident about quiet hours. If there is a quiet hours violation, it will be documented and adjudicated through the Apartment Life student conduct process.

Child Supervision

Parents are responsible to see that proper supervision is provided for all children. It is recommended that children not be allowed to play outside without supervision. Young children should never be allowed to roam freely and are not allowed in the community buildings, laundry facilities, community gardens or the playgrounds without adult supervision.

If children are found without proper adult supervision UT Police will be summoned. If the parents or other responsible adults are not immediately located, Child Protective Services, a division of Texas Department of Health and Human Services, may take the child or children into custody. Parents can be arrested and taken to court for inadequate child supervision that jeopardizes a child’s safety.

The Tenant Advisory Board (TAB) is composed of student representatives living at University Apartments. TAB members represent student residents and registered guests by:

- Managing the Community Gardens;
- Making recommendations on policy to University Apartments;
- Engaging in advocacy in the community on issues related to residents’ concerns; and
- Improving the quality of community life by organizing events for residents.

My name is Grace and I am excited to be a part of the vibrant and unique setting as a Brackenridge representative for TAB this year. I am currently pursuing my doctorate in Multicultural Special Education with a focus on research of students with behavioral and emotional challenges. The inspiration for this degree comes from professional and educational experiences through opportunities as a teacher, trainer, community coordinator, and language facilitator. As part of my work and cultural identities, I am a native ASL (American Sign Language) and identify as a Deaf individual personally and in my work.

I was born and raised in Washington State; proud to hail where the tall trees, rolling hills, and mountains were my backyard. My younger years were spent on the coastline in Long Beach Peninsula located in the very southwestern part of the state. I spent my youth clam digging, fishing, canning, and spending time back and forth at a residential school near Portland, Oregon. After high school, I attended California State University, Northridge only to discover that Los Angeles was not my scene. After returning to the Pacific Northwest, I decided to wrap up my bachelor and master degrees at the University of Washington in Seattle. In 2008, I decided a change in my environment and focus was needed. I moved to Austin with my son and worked as a secondary teacher for several years before I applied to UT for my doctoral degree.

When I am not analyzing data, working as an instructor, or completing house chores with my son, I am out and about at Jasper Park walking either solo or with our service dogs, Suzie and Vera. I try to balance my time with being outside, relaxing, or taking a long drive. Humor is something I bring to the table and I enjoy contributing and representing Brackenridge—I look forward to my last year here! I will leave UT late 2018—I truly enjoy having a great community and will definitely miss living here.
Recipe of the Month:

Apple-Raspberry Pie

Ingredients

Pie Dough:
• 3 cups all-purpose flour
• 1 tablespoon sugar
• 1 1/4 teaspoons salt
• 1 cup plus 2 tablespoons COLD unsalted butter, cut into small pieces
• 1 cup plus 1 teaspoon of ice water

• 6 ounces raspberries
• 1 tablespoon heavy cream
• Pinch of salt
• 2 tablespoons unsalted butter
• 1 tablespoon fresh lemon juice
• 3/4 cup granulated sugar
• 2 3/4 pounds apples (Rome or Cortland), peeled, cores, and cut into 1/2 inch thick slices
• 1 large egg yolk
• 1/4 cup all-purpose flour, plus extra for work surface

Instructions

Pie Dough: - Mix flour, salt, and sugar in a bowl to combine. Add butter; mix until mixture resembles coarse meal. Using electric hand mixer, add ice water slowly until dough just comes together (no longer than 30 seconds).
- Pour mixture onto a work surface. Divide in half and shape into disks. Wrap in plastic. Refrigerate at least 1 hour (up to 2 days).

Next: - Preheat oven to 375 degrees. Stir apples, raspberries, granulated sugar, flour, lemon juice, and salt in a large bowl; set aside.
- On a lightly floured surface, roll out 1 disk of dough to 1/8 inch thick. Cut into a 12-inch round. Fit into a 9-inch pie plate. Fill with apple mixture. Dot with butter.
- On a lightly floured surface, roll out remaining disk of dough to 1/8 inch thick. Cut into a 12-inch round. Drape over filling. Trim overhang to 1 inch. Press edges to seal. Fold overhang under, and crimp as desired. Make five 3-inch slits in top crust. Refrigerate 20 minutes.
- Whisk egg yolk and cream in a bowl; brush over top crust. Sprinkle with sanding sugar. Bake until crust is golden and juices are bubbling, 1 hour 10 minutes to 1 hour 20 minutes. Place foil on rack below to catch juices. Tent pie with foil if browning too quickly. Transfer to a wire rack; let cool 4 hours (up to overnight).
