Commercial Scooters and Safety

Reminder from UT Parking and Transportation Services:

Scooters have become very popular and overall provide a beneficial service to UT staff, faculty and students. As usage increases, safe operation is vital for both the user and other members of the UT community.

Following traffic regulations, staying off sidewalks, parking scooters near bike racks, and operating at a safe speed help ensure safety for all. If you ride a scooter, wearing a helmet is one of the most important choices you can make. We encourage anyone riding scooters to always ride with a helmet.

Parking Placards

Current University Apartments parking placards expire January 15, 2019.

Contract holders will receive an email with details about how to apply for the new 2019 parking placards.

Remember:

- Contract holders must bring their drivers license to pick up a parking placard
- A copy of each vehicle's insurance is required
- Vehicles with expired parking placards are subject to towing
As we approach the winter, the University Apartments, University Housing and Dining (UHD) would like to remind all residents that subleasing, selling and assigning apartment units and spaces is prohibited. Per the Terms and Conditions of the contract, “You agree that your assigned unit will be used only as your personal living space. You agree not to sell, sublease or assign this contract and/or your assigned space, or your contract may be terminated. Guests may not be charged more than a pro rata share of monthly apartment billing and utilities.”

Those found to be in violation will be subject to the student conduct process with University Housing and Dining and can be referred to the Dean of Students Office, Academic Integrity and Student Conduct. Contract holders can lose guest privileges, future contracts and/or have the current contract terminated. It is important to keep residents and guests safe. Putting our community at risk will not be tolerated. We appreciate your cooperation in this matter. If you believe that someone in the community is subleasing, please contact University Apartments staff so that staff can follow up. Thank you for your assistance!
