University Housing and Dining has partnered with Apogee to offer its revolutionary new IPTV (Internet Protocol Television) service, Stream2, to on-campus hall residents. With Stream2, you will be able to watch entertainment programming on several of your devices.

With DVR capabilities, Stream2 allows you to record all your favorite programming and watch at your convenience (with added pause, rewind and fast-forward functionality). This feature includes a 24 hour window of replayable content PLUS 20 hours of storage per user!

SET UP YOUR ACCOUNT

Residents can register for an account with their UT email address at MyCampusVideo.com. Once your account has been created, please follow the next steps to get connected to Stream2 live TV:

1. The next step is to download the Stream2 APP to your devices. Download instructions for the three most popular devices follow.
2. Go to Help.MyStream2.com Installation and Setup for instructions on how to download the app to your approved devices.
3. Once the app has successfully downloaded to your device, use your MyCampusVideo username and password to login to the app.

NEED SOME HELP?

If you need any help connecting your devices, a support representative is available 24 hours a day to assist you.
